

Saurabh Maske

Full Stack Web Developer

Summary

As a passionate Full Stack Developer, I bring fresh skills and a proven track record in building multiple web projects. Proficient in HTML5, CSS3, and JavaScript, I've completed various projects that showcase my ability to create user-friendly and responsive designs. My experience includes optimizing page performance and effectively handling UI-related issues. I'm known for meticulous attention to detail, problem-solving, and a commitment to coding best practices. Eager to apply my project experience and collaborate effectively as part of a team to create outstanding user experiences.
